Introduction

- Credo ICAV (Irish Collective Asset-management Vehicle), an umbrella fund with segregated liability between sub-funds domiciled in Ireland, launched in July 2017.
- Credo ICAV is an Irish **UCITS** which includes the following sub-funds:
 - *Credo Global Equity Fund*
 - *Credo Dynamic Fund*
 - *Credo Growth Fund*

Advantages

- Fund structure facilitates **tactical management** e.g. the potential to add to or trim an exposure, as opposed to singular investment / disinvestment decisions, as well as the possibility of differential position sizing, which can be seen as a more accurate expression of Credo's investment views
- Greater **diversification** given increased number of securities held
- **Potential tax benefits** relating to holding investments in an Irish UCITS fund instead of segregated onshore (UK) portfolios
- **Liquidity:** daily dealing funds
- **Risk management:** for example restrictions on leverage and derivatives
- **Transparency:** variety of fund documents and disclosures
- **Reputable service providers:** which includes the Management Company, Depositary and Auditor

Fund Background

- Follows the success of the Credo managed equity portfolios in providing global equity exposure – the Best Ideas Portfolio (BIP) and Dividend Growth Portfolio (DGP)
- Uses a similar investment methodology as that employed for the BIP and DGP
- Combines the “best of both worlds” as a substantial portion overlaps with existing stocks included in the BIP and DGP
- In addition, includes some of the stocks of the Credo Special Opportunities Portfolio (SOP), which consists of a limited number of equities with a somewhat higher risk / reward profile, as compared to the BIP and DGP

- Long-only global equity fund which we believe to be well-positioned to outperform the wider equity market over the longer term
- Bias towards developed market, large capitalisation stocks
- Credo's aim is to generate sustainable excess returns versus global market indices through careful stock selection
- Ideally suited to investors who understand the fund's risks and intend to invest for at least 5 years
- Risk and reward profile of 5 on a scale of 1 to 7 (with 7 being the highest risk/reward profile) as per the KIID (Key Investor Information Document)

Fund Details

Share Class	Currency	ISIN	Minimum Initial Investment	Minimum Subsequent Investment	Annual Management Charge
GBP (A) Retail	GBP	IE00BDFZR877	£5,000	£1,000	0.75%
USD (B) Retail	USD	IE00BDFZRB04	£5,000	£1,000	0.75%

Share classes are accumulating, i.e. income is reinvested in the fund

Daily dealing with 10pm (Irish Time) Valuation Point

Fund Background

- Utilises the long-term and successful investment strategy which has historically been employed within the traditional stockbroking arm of Credo
- Draws on Credo's strong long-term relationships with various market participants and extensive (20+ years) experience of both the small and mid capitalisation UK market
- Portfolio Managers use both Credo's fixed income and equity expertise
- Enables a broad array of clients to have access to the investment strategy, whilst providing scale and compliance in the current regulatory environment
- Looks to complement the Credo Global Equity Fund and core fixed income holdings

- Flexibility to allocate capital across asset classes depending on market conditions
- Aims to achieve a balance of income and capital growth over the longer term
- Sterling denominated and complementary product to global portfolios
- Ideally suited to investors who understand the fund's risks and intend to invest for at least 5 years and who seek exposure to both fixed income and equities
- Risk and reward profile of 4 on a scale of 1 to 7 (with 7 being the highest risk/reward profile) as per the KIID (Key Investor Information Document)

Credo ICAV Structure

- We believe that wealth is best created and preserved through patient and disciplined investing, with a focus on the long term
- We follow a value-based approach to investing
- We seek to invest in high quality companies that are attractively priced relative to their future business prospects
- We believe that the market's short-term focus creates opportunities for those willing to concentrate on underlying business performance
- We view risk as permanent losses of capital and not in terms of short-term volatility

Investment Team

Combined investment experience of over 100 years

Deon Gouws

Chief Investment Officer

Deon has been the Chief Investment Officer at Credo Wealth since 2012, following a number of managerial roles within the institutional side of the investment industry which he originally joined in 1996. Prior to that, he qualified as a Chartered Accountant and lectured accountancy to final year students at the University of Johannesburg. Deon has an MPhil in Finance from the University of Cambridge and is a CFA charterholder.

Jarrod Cahn

Senior Portfolio Manager

Jarrod is a Senior Portfolio Manager and Director with over 20 years of industry experience. Prior to joining the group in 2000, Jarrod spent 4 years at Cahn Shapiro Stockbrokers in South Africa, where he was a Senior Portfolio Manager. He holds a BA (LLB) from the University of the Witwatersrand and is a qualified attorney on the non-practising roll in South Africa.

Jarrod is lead Portfolio Manager of the Credo Global Equity Fund.

Rupert Silver

Senior Portfolio Manager

Rupert joined Credo in 2000 and heads its fixed income offering as Director and Relationship Manager. He has over 20 years of industry experience and previously held tenures at Wise Speke and Brewin Dolphin. Rupert holds a BA (LLB).

Rupert is lead Portfolio Manager of the Credo Dynamic Fund.

Investment Team

Benjamin Newton

Investment Manager

Ben joined Credo as an Investment Manager in 2014. He holds an MSc in Finance from Imperial College and is a CFA charterholder. Prior to joining Credo, Ben spent four years working at Barclays Wealth & Investments managing private client portfolios as a Discretionary Portfolio Manager. During his time at Barclays, Ben also worked with Relationship Managers and was seconded to the Investment Product Office at Absa in Johannesburg. **Ben acts as Co-Portfolio Manager of the Credo Dynamic Fund.**

Jason Spilkin

Portfolio Manager

Jason joined Credo's investment team as an Equity Analyst in 2013. He obtained a BComm degree from Stellenbosch University. Jason subsequently completed Honours at the University of Cape Town followed by an MSc in Investment Management at the CASS Business School in London. He is a CFA charterholder and has worked at firms including Vantage Investment Management and Stark Investments. **Jason acts as Co-Portfolio Manager of the Credo Global Equity Fund.**

Alison Norbury

Equity Analyst

Alison joined Credo's investment team as an Equity Analyst in 2017. Having graduated from King's College London in 2015 with a Bachelor of Science degree in Physics and Philosophy, she previously worked at Pensato Capital LLP. Alison is a CFA charterholder.

Ainsley To

Head of Multi-Asset

Ainsley is Head of Multi-Asset at Credo, having joined as a Research Analyst in 2012. Prior to that, he worked as an investment analyst at Stamford Associates. He also had previous roles at Fidelity International and Bloomberg LP. Ainsley graduated from Imperial College and became a CFA charterholder in 2014.

Calvin Mclean

Investment Analyst

Calvin joined Credo's investment team as a Research Associate in 2016. Prior to joining Credo, Calvin was an investment analyst at Gale and Phillipson. He graduated from the University of St Andrews in 2014 with a Bachelor of Science degree in Financial Economics and is a CFA charterholder.

Mira Skuleva

Equity Research Associate

Mira joined Credo's investment team as an Equity Research Associate in 2019. Prior to joining Credo, she worked in sell-side equity research and as an Analyst on a European-focused fund at RWC Partners. Mira graduated from CASS Business School with a Bachelor of Science degree in Business Studies.

- Société Générale Securities Services, SGSS (Ireland) Limited is Administrator, Registrar and Transfer Agent

Important Notice

This presentation has been issued and approved for the purposes of section 21 of the Financial Services and Markets Act, 2000 by Credo Capital Limited, reg no. 3681529, with its registered office at York Gate, 100 Marylebone Road, London, NW1 5DX, United Kingdom (**Credo**), in its capacity as the investment manager of Credo ICAV, an Irish Collective Asset-management Vehicle (**ICAV**) registered in the Republic of Ireland and regulated by the Central Bank of Ireland as an ICAV under the Irish Collective Asset-management Vehicles Act, 2015. Credo ICAV is an umbrella-type open-ended fund with segregated liability between its sub-funds (**Sub-Funds**). Credo ICAV is recognised by the United Kingdom's Financial Conduct Authority (**FCA**) as an Undertaking for Collective Investment in Transferable Securities and is also an approved foreign Collective Investment Scheme for purposes of the South African Collective Investment Schemes Control Act, 2002 (together as a general reference, **Collective Investments**). Credo is authorised and regulated by the FCA (ref no.192204), is a member of the London Stock Exchange and is also regulated in South Africa by the Financial Sector Conduct Authority as an authorised Financial Services Provider (FSP no. 9757).

Collective Investments are generally medium to long-term investments. The value of an investment may go up as well as down, past performance is not necessarily a guide to future performance and investors might not receive the original amount invested. Collective Investment prices are calculated on a net asset basis, which is the total value of all the assets in the portfolio including any income accruals and less any permissible deductions (including fees and commissions) from the portfolio divided by the number of participatory interests (units) in issue. Collective Investments are generally traded at the ruling price and can engage in scrip lending and borrowing; however, no scrip borrowing, or forward pricing will be used with respect to Credo ICAV. Where foreign securities are included in a portfolio there may be potential constraints on liquidity and the repatriation of funds, macroeconomic risks, political risks, foreign exchange risks, tax risks, settlement risks, and potential limitations on the availability of market information. There is an inherent risk associated with selected investments and therefore, there are no guarantees in respect of the capital or return of a portfolio.

Investment in Credo ICAV's Sub-Funds is through the purchase of shares. This presentation was prepared for information purposes only and does not constitute an investment advertisement, investment advice or an offer or invitation to transact business in these shares in any jurisdiction. Investment in the Sub-Funds may not be suitable for all investors and potential investors should obtain advice from their financial advisers before proceeding with an investment. Where tax consequences are mentioned, these are given for information purposes only and should not be relied upon as Credo does not provide tax advice. Before deciding to invest, potential investors should read the latest prospectus of Credo ICAV and the supplement in respect of the relevant Sub-Fund to note the important regulatory disclosures, risk warnings, restrictions and acknowledgements contained therein. Copies of these documents, including Credo ICAV's annual and interim reports, which provide additional information, and a schedule of fees, charges and maximum commissions, are available free of charge upon request.

Credo makes no representations and gives no any warranties as to the correctness, accuracy or completeness of this presentation, nor does it assume liability or responsibility for any losses arising from errors or omissions in this presentation. Readers should also note that, in some or all respects, the regulatory regime applying in the Republic of Ireland (including any investor protection or compensation schemes) may well be different from that of their home jurisdiction and the Central Bank of Ireland does not provide any endorsement, warranty or guarantee in respect of Credo ICAV or its performance.

This presentation may not be copied, reproduced or circulated without Credo's prior written approval.
